#### EDUCATION

#### MEDIEINSTITUTET GÖTEBORG

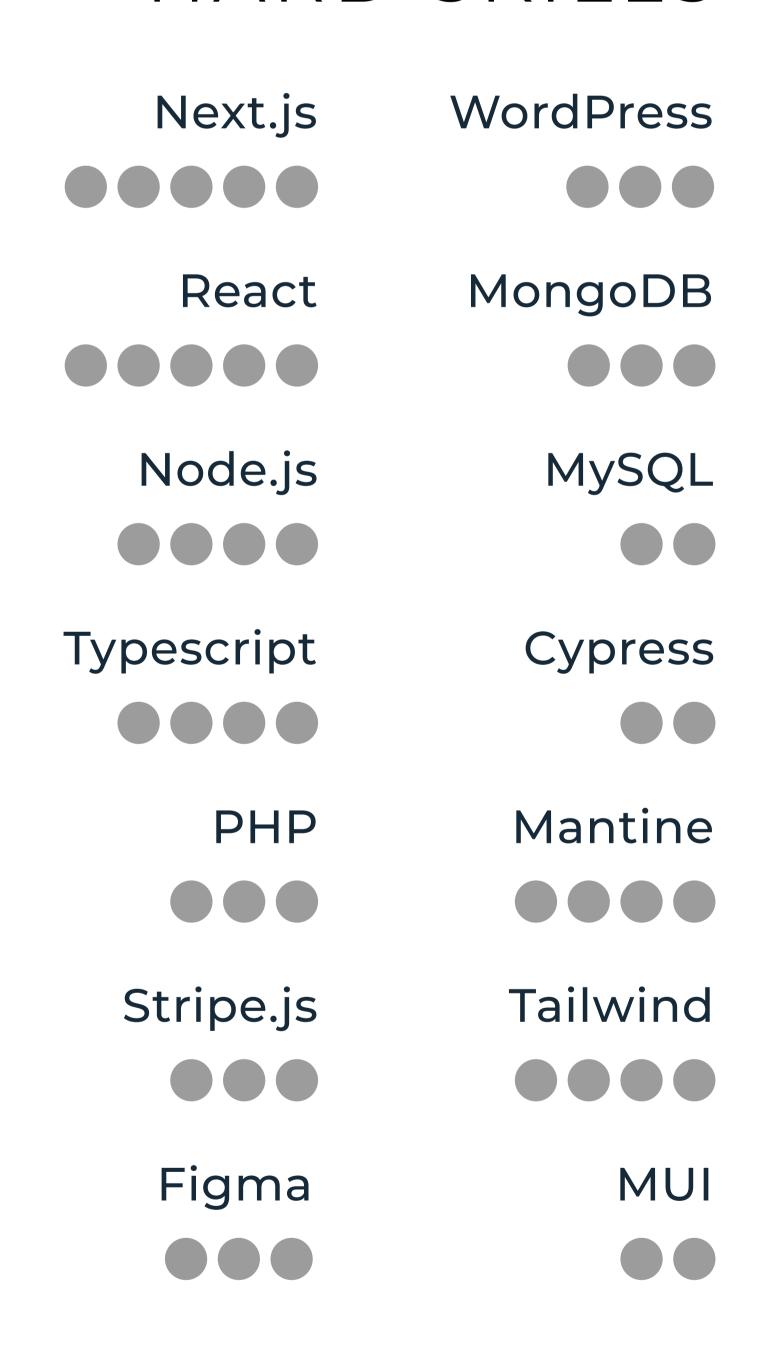

Web development with focus on E-commerce

Sep 2021 - May 2023

### PERSONAL QUALITIES

## Grade in relation to my skills HARD SKILLS

# EXTRA / MERITS

VG in all courses

Diploma for best Master thesis

Played soccer until I turned 23

#### EXPERIENCE

#### WALLMANDER & CO - INTERNSHIP

Web Developer | Feb 2023 - May 2023

Storyblok - Investigated the possibility to automatically translate texts into different languages when applying new texts in the default language. I created a test server environment and made a mockup case.

BigCommerce - Created a Boilerplate with Next.js for future E-commerce use. I integrated BigCommerce and created dynamic component blocks suited to be customized from WordPress.

#### H5 FÖRNYELSEBYRÅ AB - INTERNSHIP

Web Developer | Okt 2022 - Dec 2023

Built a landing page from scratch for their booking site/service Adventure Hero to attract more users. I did this together with two other LIAs. We built the page with Next.js and Mantine (css library).

Website: https://business.adventurehero.se

In addition, I learned how to create tests in Cypress and helped them with the development of their other product Plugga. Tech. Also this built in Next. js and Mantine.

#### LEADERSHIP

#### ATRIA SWEDEN AB

Production Coordinator | April 2021 - Sep 2021

My job was to manage production and make sure everything ran as it should. In addition, I was responsible for ensuring that routines were followed and that work instructions were updated.

#### **INGRAM MICRO MOBILITY AB**

#### Group Leader / Specialist | June 2011 - Jan 2021

During the 10 years of service at Ingram I was the group leader of the production team in 6 years of them. My job was:

- To ensure that daily production ran as it should and that our KPI's were reached.
- · Planning of personnel which meant continuous communication with other supervisors, sales support and consulting managers.
- · Accept assignments and meet deadlines. Constantly work with improvement of processes and routines, problem solving and follow-up of projects in the department.
